

## MAGICAL WINTERDAY ON JÄNISSAARI ISLAND - DAYTRIP

An adventurous trip to wide lake and forest landscapes, is an unforgettable experience in winter time. We welcome you to enjoy the glistering snow covered wilderness and explore the restful silence of the nature.

Upon arrival at Mantan Majatalo Guesthouse in Möhkö village, the group receives advice and necessary equipment for the day. In a sleigh pulled by a snowmobile or driving a kick sled yourself, you head over the frozen lake Nuorajärvi to Jänissaari island (10 km). The magic of winter is overwhelming.

After strengthening lunch there is plenty of time to find your kind of way to enjoy a winter day. Try snow shoe walking and ice-fishing. Relax watching the fire in a big warm tent and let your inner peace find you. We are not in a hurry here. Take a nap in the tent listening to the fire, if you wish. And when you wake up, smell the fresh coffee and pancakes.

In the end of the day, return to Möhkö Village again.
